1	SECTION - I INVITATION FOR BIDS (IFB) Bidder Evaluation criteria: (BEC) 8.1 Technical	Relaxation in Bidders Evaluation Criteria (BEC) 8.1 technical - so we can easily participate in this process. We have done 5000 registration in kolhapur GA within 6 months, we have orders of same quantity form Hpoilgas But we don't have completion certificates Yet we are in process with this. So please do needful.	Refer Corrignedum 1
2	SECTION-IV SPECIAL CONDITIONS OF CONTRACT (SCC) TERMS OF PAYMENT 3.0	As per SOR item no. 1.a Permission from society. We request you please low down the criteria if possible i.e., from 80% registration must of the total potential of the society/apartment then only DMA can claim for society NOC payment. Many societies are having rented/house locks etc. So, It's not feasible to take out 80% of registrations from every apartment or society. Also, taking out NOC is of the utmost importance and a big task for Project Workfront which takes more time than registrations so please understand DMA should be paid for that As per SOR item no. 1.c Page-43 -Terms of Payment. We request you, please clarify the limit (any specific time period or month or days) up to which DMA has to wait for a 20% payment claim (Hold against Meter Installation) or what if in case of Meter installation taking more time from project delay ??? Why DMA has to wait for this assignment? Already HPOIL holding 5% for closing.	Refer Corrignedum 1
